MEMORANDUM FOR: Mr. Wolf

Presumably, the DCI would not formally approve of this report without consulting the DD/A.

All of the principles involved are all right and I see no reason why we should object to approval in principle. However, implementation of several recommendations involves increases in personnel and other administrative support and expenditures.

If it comes up for discussion at any time I suggest that you recommend approval subject to budgetary and other administrative support limitations.

I have marked in red in the margin those portions of particular interest to the DD/A.
